

MUHAMMAD AIMAN BIN RASMAN

Computer Network Security Undergraduate

Butterworth, Penang | muhdaiman2174@gmail.com | 0134081460 | [LinkedIn](#) | [E-Portfolio](#)

Internship Duration: 27 September 2026 – 26 March 2027 (6 Months)

PROFESSIONAL SUMMARY

High-achieving **Computer Science student** specializing in **Network Security** with a **CGPA of 3.77** and a consistent 5-time Dean's List record. Technically proficient in **Penetration Testing, Digital Forensics, and IoT-based systems**, with hands-on experience in **secure image steganography** and cryptographic algorithm implementation. Proven leader with a track record of managing teams of up to **50 members** and driving digital growth for SMEs. Seeking a Cybersecurity or Network Defence internship to apply advanced technical skills in a professional corporate environment.

PROFESSIONAL SKILLS

• Network Security & Cryptography • Network Simulation & Analysis • Cybersecurity Operations	• Strategic Leadership & Management • Digital Transformation & Marketing • Project Management & Execution
--	---

EDUCATION

Bachelor of Computer Science (Computer Network Security) with Honours

University Sultan Zainal Abidin (UniSZA) | 2023 – Present

- **CGPA:** 3.77 (Dean's List Semester 1, 2, 3, 4, 5)
- **Anugerah Tokoh Pelajar:** Faculty-endorsed award for academic and leadership excellence.

TECHNICAL PROJECTS & AWARDS

Secure Data Transmission (Steganography & IoT) | On-Going

- **Engineered a secure image steganography method** integrating PRNG, XOR, and LSB techniques to prevent unauthorized data access.
- **Utilized ESP32 microcontrollers** to establish an encrypted, point-to-point communication channel for resilient data transmission.

SortBuddy (Autonomous Robotic Waste Sorter) | May 2025 – June 2025

- **Developed an AI-driven vision system** for real-time classification and sorting of recyclable materials.
- **Awarded Gold (VIC25) and Bronze (MPI25)** for technical innovation and project execution.

Simulation of EMS via MANET Routing (NS3) | *April 2025 – May 2025*

- **Modelled decentralized communication** for infrastructure-limited environments, evaluating AODV and DSDV protocols to optimize real-time reliability.

Capture The Flag (CTF3.0) UniSZA X UMK | *Jan 2026*

- **Achieved Bronze Award** in a competitive security simulation focusing on vulnerability identification and exploitation.

PROFESSIONAL EXPERIENCE

Retailer | Al-Ikhsan Sports | *July 2025 – Oct 2025*

- **Managed high-volume customer service**, serving **50+ customers daily** while maintaining service quality during peak operational hours.
- **Simplified complex product data**, reducing repeat customer inquiries by **20%** through clear technical explanations.

F&B Crew | McDonald's | *July 2024 – Oct 2024*

- **Optimized operational efficiency**, supporting **3–4 functional areas per shift** and reducing service delays by **20%** during high-pressure periods.

LEADERSHIP & INVOLVEMENT

Program Director | Projek Khidmat Masyarakat | *Mar 2024 – Oct 2024*

- **Led a committee of 50 members**, delegating logistics, finance, and publicity to ensure the seamless execution of community outreach.

SULAM Project | Digital Transformation Lead | *Mar 2025 – Oct 2025*

- **Scaled digital presence for an SME** from **0 to 1,029 followers**, significantly increasing brand visibility and sales through social media strategy.

Lead Trainee Executive | RoboPro Club | *Oct 2025 – Present*

- **Coordinated training for 60+ participants** on embedded systems (ESP8266) and 3D modeling principles.

TECHNICAL SKILLS

Tools: Kali Linux | Wireshark | Burp Suite | Metasploit | Nmap | Autopsy | Volatility | FTK Imager | Tinkercad

Languages: Malay (Native) | English (Fluent) | Japanese (Beginner)
